## PROFESSIONAL EXPERIENCE

### Web Developer

RRR Consult Assist, LLC | July 2023 - Present

Proficient in ASP.NET Core Web Development, adept at conducting tests, collaborating with senior professionals, and committed to continuous professional growth.

## PROJECTS

### AI Based Personal Assistant

Created an AI voice assistant for various tasks like web browsing, smart home control, weather updates, note-taking, and utility functions, emphasizing privacy and security.

### Personal Portfolio Website

The Personal Portfolio Website showcases skills and projects with a minimalist design, prioritizing performance and flexibility using serverless technology.

### Online Shopping System Web Application

The Online Shopping Web App offers smooth user authentication, intuitive product categories, cart management, and responsive design, all without backend tech.

### Amazon Clone Website

The Amazon Clone Static Website faithfully replicates Amazon's Interface, featuring authentic product listings, user-friendly design, responsive layout, and enhanced CSS styling.

### Simple Calculator Website

The Calculator Website provides effortless Arithmetic Operations via a user-friendly interface, responsive design, and convenient basic functions for everyday calculations.

### Age Calculator Website

The Age Calculator Website quickly calculates age from birth dates, with a user-friendly interface and responsive design for seamless use.
